

Strip Retro Kits

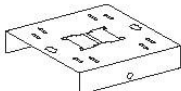

Fits 4¼" - 4½" wide channel

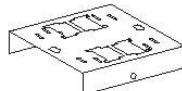

Used as a Single Socket

Used as a Double Socket

Single Lamp Socket Plate

Double Lamp Socket Plate

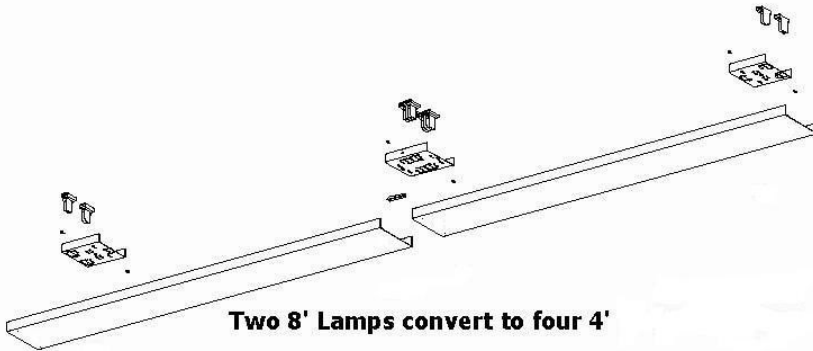

Product Specifications - Application Features

Premium-grade strip conversion kit quickly converts an eight foot T12 strip luminaire into a tandem four foot T8 strip (eight foot housing). Substantial cost-savings on energy consumption (save from 90-120 watts per luminaire system) provides a fast return on investment.

Product Features

- Ideal for converting eight foot strip fixtures to energy efficient T8 tandem four foot strip luminaires
- Cost-effective luminaire replacement
- Higher efficiency and lower watt consumption
- Ballast cover.

EXAMPLE: RP-1T4-32-8 XVH LED4K
